Do you have a copy of the SAP?

No worries – I have it electronically. The work plan is an attachment to the AOC and if the SAP is an attachment to the workplan, it needs to be attached to the AOC (leg bone connected to the).

Hello Andrea,

The SAP is part of the RI/FS Work Plan and should be in the attachment. They are very large documents, not sure if it needs to be in the exhibit? The Work Plan is 157 megs and the SAP is 30 megs.

Mike

Hi Mike. I am walking the AOC around for signature today. Is the SAP an attachment to the RI/FS work plan – should it be attached as an exhibit to the AOC?
